

SESSION ONE: IMPLANT PLACEMENT COURSE

Whether you're looking to place your first implant or your hundredth, this course will teach you the basics for placing implants predictably and with better restorative outcomes.

- This course is limited to 8 participants
- One day of lecture and one day of live surgery
- Place at least 2 implants on patients with abundant bone
- Hand-picked patients provided
- Continued personal support to help with your own treatment planning, surgical and restorative questions

LECTURE TOPICS

Patient/Case Selection
Medical Evaluation
Guided Surgery
Free-hand Placement
Implant Selection
Soft /Hard Tissue Manipulation
Suturing
Post-operative Care

August 19-20, 2022
February 24-25, 2023
Time: 8am-5pm
Fee: \$3,750
CE Credits: 16

SESSION TWO: BONE GRAFTING, SINUS ELEVATION & IMMEDIATE PLACEMENT COURSE

Still unsure what bone graft to place and what membrane to use? This course will answer those questions and allow you to treat more patients utilizing simple to advanced grafting procedures.

- This course is limited to 6 participants
- One day of lecture and one day of live surgery
- Place at least 1 immediate implant
- Perform at least 1 vertical sinus augmentation during implant placement
- Hand-picked patients provided
- Continued personal support to help with your own treatment planning, surgical and restorative questions

LECTURE TOPICS

Patient/Case Selection
Socket Preservation
Bone Graft Materials
Membrane Selection
Bone Block Grafting
Immediate Implant Placement
Sinus Bump vs. Lateral Window
PRP/PRF Utilization
Ridge Augmentation
Remote Incisions

October 7-8, 2022
May 19-20, 2023
Time: 8am-5pm
Fee: \$3,750
CE Credits: 16

SESSION THREE: PROSTHETICS COURSE

Are you still unsure of what parts and pieces to use for single implant crowns?
Would you like to learn how to predictably restore implant dentures with better retention?
Are you still struggling to develop the pretty gingival esthetics you see in a journal?
Or would you like to learn how to restore a full-arch implant bridge?
This course will be customized to answer your questions.

LECTURE TOPICS

Custom vs Stock Abutments
Open vs Closed Tray
Hybrid vs Zirconia Bridge
One-Piece Implants
Implant Retained Dentures
Provisionalization for Tissue Development
Digital Impressions
Tissue Sculpting
Impression Technique
Occlusion
Recall Maintenance

September 16, 2022
April 28, 2023
Time: 8am-5pm
Fee: FREE
CE Credits: 8

- All of the surgeries will be shared with the participants through live video.
- Instruments and supplies will be provided for the courses.
- Non-Ohio doctors can obtain a temporary license.
